Nuestro Mundo Community School provides a unique educational experience for students in Kindergarten through fifth grade. Our culturally diverse staff is dedicated to developing bilingualism and biliteracy in all students. Our students strive for academic excellence through the combination of high educational standards, dual-language instruction and a wealth of cultural resources. We believe that a great education comes from great teaching, positive meaningful relationships with students, and strong connections with families. Our school improvement efforts this year are centered on developing resilience in our teachers, students and families.

## Equity Vision

At Nuestro Mundo, we believe that there is no form of social justice higher than preparing all students to be successful in life regardless of racial, ethnic, linguistic or socio-economic background. Our mission is to lay a strong foundation that allows our students to develop into young men and women with active and creative minds, a sense of understanding and compassion for others, the courage to act on their beliefs, and who are fully bilingual and biliterate.

## Strengths

Our strength lies partly in the dedication and care that our teachers and staff bring to their work. The other part lies in the high level of involvement from our families. It is only by forming a powerful partnership between the school and the home that a school can reach its true potential.

## Progress

Last year proved to be very successful for our school. Those successes include:

- The highest attendance rate of any Madison school for the 4th year in a row
- The highest percentage of students reaching their growth goals in Reading for the 2nd year in a row
- The highest percentage of students reaching proficiency in Math and Reading in the past 4 years

## Area for Growth

We are rolling out a new Math curriculum next year called Bridges. While maintaining the strong teaching in reading and writing, our focus will now turn to Math and Spanish language development. We will continue to build upon the safe, welcoming school climate you have come to expect at our school.

School Principal: Joshua Forehand

Parents will play a key role in our continued success, we look forward to teaming with parents to carry on this important work.

## **Vision Connection**

Our school supports MMSD's vision that all students acquire the skills and abilities needed to be successful, including a mastery of content areas, growth mindset, self-knowledge, creativity, wellness, interpersonal skills, confidence, cultural competence and community connection. Through these skills and abilities, our students will graduate college, career and community ready.

**Students with disabilities** 10%

## Strategic Framework Goal #1 Milestones: On-Track to Graduate

Each bar shows the percent of students meeting the relevant metric overall and for the focus group the school selected on their School Improvement Plan (SIP) when applicable. When no goal for the measure has been set "No Goal" will be displayed in the bar.

## Strategic Framework Goal #2 Milestones: Challenging and Well-Rounded Education

### Arts Education Participation

Participation rates are based on transcribed courses.

When no goal for the measure has been set "No Goal" will be displayed in the bar.

## Strategic Framework Goal #3 Milestones: Positive Climate

Each bar shows the percent of responses within each dimension that were positive overall. When no goal for the measure has been set "No Goal" will be displayed in the bar.
